The site is 0.59 acres and is located on the west side of Temple Avenue between East 19th and East 20th Streets at 1933-1939 Temple Avenue. A similar residential project under a different applicant was previously denied by the City Council due to the project exceeding height standards and impacting views pursuant to the City's View Policy. b. PUBLIC WORKS CONTRACT WITH ESTATE DESIGN AND CONSTRUCTION INCORPORATED FOR THE CITY HALL INTERIOR RENOVATION PROJECT

Summary:

On September 26, 2023, the City Council adopted the 2023-2028 Strategic Plan, which identified the City Hall Interior Renovation Project as a key initiative to enhance City Hall's appearance, functionality, infrastructure, and improve the City's ability to provide services to the public. This project aims to address outdated facilities through essential upgrades, including energy-efficient window installations, new paint, improved lighting, refurbished flooring, and enhanced front counter security. These enhancements are designed to create a more efficient and welcoming environment for both staff and visitors.

Following a competitive bidding process, staff recommends awarding a Public Works contract to Estate Design and Construction Incorporated, as the lowest responsive bidder, for a term of 150 days and a not-to-exceed amount of \$988,800. Staff also recommends the City Council authorize a 10% contingency for a total construction budget of \$1,087,680. - c. PROFESSIONAL ARCHITECTURAL AND ENGINEERING DESIGN CONSULTANT SERVICES AGREEMENT WITH SVA ARCHITECTS, INCORPORATED FOR THE CITY OF SIGNAL HILL AMPHITHEATER PROJECT

Summary:

In March 2022, City staff applied for funding for several projects, including the Signal Hill Amphitheater Project, through Senator Lena Gonzalez's office as part of the 2022-23 Senate District 33 Budget Request within the premise of the 2022-23 Budget Act. After review and coordination with the Senator's team, Governor Gavin Newsom approved Assembly Bill 179 on September 6, 2022, allocating five million dollars (\$5,000,000) to the Signal Hill Amphitheater Project, with the California Arts Council (CAC) designated to manage the funds.

The City's Civic Center Master Plan, adopted by the City Council on August 27, 2024, designates the Signal Hill Amphitheater as Phase I of the implementation plan. In alignment with this plan, staff issued a Request for Proposal (RFP) on September 6, 2024, to secure architectural and engineering design services for the project. The RFP outlines several design elements, including a 1,000-square-foot stage with back-of-house facilities, a green room, storage, performer restrooms, and advanced lighting and video systems. Seating will accommodate 400 attendees with blankets and lawn chairs, expandable to 600 with additional folding chairs. The amphitheater's design aims to integrate seamlessly with the Civic Center, enhancing aesthetics that reflect the City's history while utilizing natural grading to blend with the surrounding landscape.

The City Council will consider entering into a Professional Consultant Services Agreement with SVA Architects, Incorporated, to provide architectural and engineering design services for the City of Signal Hill Amphitheater Project.

Strategic Plan Goal(s):

Authorize the Public Works Director to utilize a project contingency of up to 10% (\$62,747.60) and approve up to a 180-calendar day term extension to accommodate additional scope of work, changes, or unforeseen conditions. The proposed contingency brings the total construction budget to \$690,223.60.

a. **CONTRACT SERVICES AGREEMENT FOR ON-CALL CITYWIDE EXECUTIVE RECRUITMENT SERVICES**

Summary:

City staff has identified a need for specialized support to recruit executive-level positions and attract strong, experienced candidates to maintain high standards in public service delivery. Given the competitive nature of executive recruitment and the importance of finding qualified candidates who align with its mission and values, the City seeks to establish on-call consulting services to provide targeted recruitment expertise. This approach allowed the City to access skilled recruitment professionals with broad access to professional networks and ensure flexibility and timely responses to upcoming vacancies.

The City Council will consider authorizing the City Manager to execute three (3) Professional Consultant Services Agreements with qualified firms to provide on-call Citywide Executive Recruitment Services, for a not-to-exceed amount of \$75,000 for each firm. The contract authority limit for each proposed contract is intended to provide the City with the opportunity to use one or more of the firms to perform the services. Staff will monitor spending associated with each contract to ensure expenditure remains within the City Council's approved budget allocation.

Summary:

The City Council adopted the 2023 Street Tree Master Plan (STMP) to restore and expand the City's urban forest canopy. Following adoption of the STMP, the U.S. Department of Agriculture (USDA) Forest Service offered competitive grants for urban forestry projects nationwide, focusing on tree planting and maintenance. On September 14, 2023, the USDA awarded the City a \$1,000,000 grant as a sub-awardee for the Street Tree Planting - Federal Project (Project). This project is divided into three phases including planning and implementation, tree planting, and tree establishment. The City's goal is to plant 594 new trees consistent with the STMP guidelines. On August 27, 2024, the City Council approved a \$1 million grant agreement with GreenLatinos, a national pass-through partner for the USDA Forest Service. GreenLatinos will collaborate with the City throughout the Project to ensure compliance with grant terms and the appropriate use of awarded funds.

Staff issued a Request for Proposals (RFP) to select a qualified consultant to assist with the planning and implementation phase of the Project. Staff advertised the opportunity and received one proposal from SWA Group, which has extensive experience as a landscape architecture firm. In addition to assessing the suitability of all planting sites, selecting appropriate locations in line with STMP guidelines, and obtaining quotes from nurseries for tree procurement, the consultant will also support the City during subsequent planting and establishment phases. GreenLatinos also requested the City conduct an expanded community engagement process; SWA Group's scope of services includes costs associated with providing more information to the community. Staff recommends awarding the contract to SWA Group for these services.

To ensure safe transportation, staff arranges motorcoach services for each trip. On September 11, 2024, staff released a Request for Proposals for recreational transportation services, serving the youth and senior demographics. The City Council will consider authorizing the City Manager to enter into a Professional Services Agreement with TLC Luxury Limited Liability Transportation, dba TLC Luxury Transportation (TLC), to provide recreational transportation for youth and senior demographics. - d. FIRST AMENDMENT TO THE CONTRACT SERVICES AGREEMENT FOR CITY ATTORNEY LEGAL SERVICES WITH BEST, BEST, & KRIEGER ATTORNEYS AT LAW

Summary:

The City contracts for legal services with a municipal law firm called Best, Best, and Krieger (BB&K). The City Council recently completed its annual review of

the City Attorney's performance and found that BB&K continues providing excellent service to the City Council and staff. Considering its high level of service and to ensure uninterrupted legal services, the City Council directed staff to negotiate an amendment to the existing City Attorney Legal Services. The proposed First Amendment would continue the term of the agreement until otherwise terminated by the City Council, adjust hourly rates by \$10 per hour starting July 1, 2025, and again on July 1, 2026, and cap future annual cost of living adjustments at 2.5% per year.

Staff concluded that the terms of the proposed amendment are reasonable and within the market for legal services. The City's ongoing revenues support the adjustment to the proposed rates. h. REJECT ALL BIDS FOR THE GUNDRY RESERVOIR ROOF REPLACEMENT AND REHABILITATION PROJECT (PROJECT NO. 95.23001), AND RE-BID THE PROJECT

Summary:

The Gundry Reservoir, located within Reservoir Park, is a cylindrical concrete water storage tank with a five-million-gallon capacity, originally constructed in 1929. Over the years, the reservoir has undergone significant upgrades, including the replacement of its wooden roof framing with a steel structure in the 1990s and the application of a watertight coating in 2006. In March 2022, an inspection of the reservoir's interior and structural components revealed failing structural roof members, necessitating a complete roof replacement and recoating to maintain water quality and structural integrity.

On April 25, 2023, the City Council awarded a professional consulting services agreement to Ardurra Group, Incorporated (Ardurra) to prepare the plans and

specifications for the Gundry Reservoir Roof Replacement and Rehabilitation Project. Subsequently, in July 2024, Ardurra provided the final bid-ready plans and specifications, which included the reservoir and sand basin roof replacements, concrete repairs, exterior painting, interior recoating, and piping rehabilitation.

On September 13, 2024, staff issued a Notice Inviting Bids for the construction of the Gundry Reservoir Roof Replacement and Rehabilitation Project (project) in accordance with the guidelines set forth in the Signal Hill Municipal Code Section 1.08.010; bids were due on October 23, 2024. Upon the bid opening date, the City received two bids; both of which exceeded the engineer's estimate of \$2.8 million. Consequently, staff recommends the City Council reject all bids and consider rebidding the project. If approved, the Public Works Department would perform temporary repairs and provide necessary maintenance to ensure the reservoir's structural condition and water quality are maintained; concurrently, the Public Works Department would reassess and prioritize the project's scope of work and pursue funding options for its construction.

Strategic Plan Goal(s):

- Goal No. 1 Financial Stability: Ensure the City's long-term financial stability and resilience.
- Goal No. 4 Infrastructure: Maintain and improve the City's physical infrastructure, water system, and recreational spaces.
