## CITY OF SIGNAL HILL

2175 Cherry Avenue ◆ Signal Hill, CA 90755-3799

### **MEMORANDUM**

**TO: HONORABLE MAYOR  
AND MEMBERS OF THE CITY COUNCIL**

**FROM: HANNAH SHIN-HEYDORN  
CITY MANAGER**

**SUBJECT: FISCAL YEAR 2022-23 (YEAR 1) AND 2023-2024 (YEAR 2) BUDGETS**

On behalf of the entire City staff, I am pleased to present the Fiscal Year (FY) 2022-23 (Year 1) Operating Budget for your review and approval, the first year of the biennial Operating and Capital Budget. Thank you to the Mayor and the City Council for your leadership and support throughout the process and for setting a course that reflects the values and priorities of the community. Thank you to the staff who worked diligently to present a balanced operating budget and who will work diligently throughout the year to implement and realize these budgeted goals and objectives.

The City's adopted budget memorializes the City's capacity to effectively fund and deliver essential municipal services, resulting in the high quality of life enjoyed by Signal Hill residents and businesses. The City's budget serves as a financial and policy plan that guides decisions made during each fiscal year and is the single most important document we have for determining the future of the City. In reviewing our performance over the past year and looking forward to the goals of the coming year, the adopted budget provides insight into the opportunities and challenges we face.

The City is constantly challenged to balance finite available resources against increasing costs and demands for services. The Year 1 Operating Budget consists of an operating budget of \$32.3 million and a capital budget of \$8.3 million. In developing the Year 1 Operating Budget, staff relied on the City's long-standing commitment to fiscal prudence and conservative budgeting practices, combined with historical performance data, past experience, and professional financial and economic analyses. The resulting budget document:

- Provides an informed estimate of anticipated costs and expenses, providing an overview of operations.
- Supports continuous improvement, highlighting progress towards stated goals and areas for improvement.
- Builds upon past experience and performance, while anticipating change.

- Communicates the City's goals into an operations plan, holding the City accountable.

Preparing the two-year budget is an extensive process that involves collaboration throughout the organization. The purpose of preparing a two-year plan is to promote stability and consistency in operations – including programs, services, and staffing – over a two-year period while still maintaining the flexibility to respond to new information. As such, the budget document details Year 1 for Council adoption and provides an overview of Year 2 for approval.

### **Fiscal Year 2021-22 Review:**

Due to the years of prudent financial oversight and sound fiscal policies of the Council, the City was well-positioned to navigate the unprecedented COVID-19 public health and economic crises over the last two years. While the worst is hopefully behind us, we continue to closely monitor the ongoing impacts of COVID-19 while supporting a full reopening and recovery of our community.

The unprecedented nature of the pandemic and its unknown economic impacts made forecasting incoming revenues difficult. However, the passage of Signal Hill Measure R (SHR), the transaction and use (sales) tax add-on, and the City's specific mix of retail businesses which have proven in the short-term to be pandemic-resilient, placed the City in a strong position heading into FY 2022-23 with most business sectors returning to pre-pandemic levels. The City also benefited from several federal government relief programs – the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Federal Emergency Management Agency (FEMA), and the American Rescue Plan Act (ARPA).

Moving into the latter half of FY 2021-22, staff continued to focus on bringing the City back to full capacity, delivering programs, projects, and services that contribute to the high quality of life enjoyed by residents and businesses. Highlights include:

- Infrastructure and amenities
  - Completed the Well 9 upgrade
  - Began construction of Well 10
  - Began construction of Heritage Point Park
- Access and Engagement
  - Delivered the City's new mobile app – Signal Hill Now
  - Conducted the 2022 Diversity, Equity, and Inclusion Community Survey
  - Adopted the 2022 Commemorative Flag Schedule
  - Issued over 1,500 new library cards and provided over 11,000 Wi-Fi connections
  - Advanced the City's affordable housing initiatives
- Community Programs and Events
  - Co-Hosted the 9/11 20<sup>th</sup> Anniversary Event: Celebration of Peace & Unity
  - Hosted Concerts in the Park, Movies in the Park, and seasonal special events, including the annual Holiday Outreach Program
  - Served 50+ youth in after school programs, 100+ youth in sports programs, and 100+ youth in day camp programs
  - Delivered over 1,100 boxes of fresh food to seniors and families

- Public Safety
  - Strengthened the City's fireworks regulations
  - Engaged in community policing activities, including coordination with the regional Homeless Outreach Support Team
  - Promoted public safety through review of environmental design of proposed projects
- Economic Development and Small Business Support
  - Developed and implemented the Covid-19 Microbusiness Grant Program, awarding 10 \$5,000 grants to micro-businesses
  - Approved the Gateway Center North Specific Plan, including a remodel of Target, additional retail, and a new self-storage facility
  - Facilitated Tesla's entry into the City
- Sustainability
  - One of the region's leaders in adopting and implementing a Recycling and Organics Program
  - Monitored and communicated increasing water conservation requirements

#### **Fiscal Year 2022-23 (Year 1):**

Year 1 of the Biennial Budget keeps with the City's long tradition of fiscal prudence and conservative budgeting practices, as the City focuses on the delivery of quality municipal services while pro-actively addressing safety and maintenance needs. In developing the Year 1 Operating Budget, staff relied on an analysis of historical performance and trends, as well as industry, economist, and news reports. While the budget reflects tempered optimism, the current global and local economies continue to face new challenges, including inflation, a raising interest rate environment, continued supply chain disruptions, the risk of new Covid variants, and the war in Ukraine. In addition, cities continue to be challenged by unfunded mandates and legislative directives.

Economic forecasts indicate the U.S. economy is still on solid ground with anticipated expansion, but at a decelerated growth rate in a return to more historical levels. These forecasts are supported by low unemployment rates, strong jobs numbers, and the roll-out of widely accessible COVID-19 therapies. However, staff continues to proceed cautiously understanding that known or unknown challenges could impact the City's operating budget. Staff will continue to monitor and evaluate budgetary assumptions throughout the upcoming fiscal year.

#### **Local Funds**

##### *Signal Hill Measure R (Measure SHR)*

On November 3, 2020, residents approved Measure SHR, a new three quarter cent per dollar general transaction and use (sales) tax. The California Department of Tax and Fee Administration (CDTFA) began collecting the new tax on April 1, 2021. By the end of FY 2021-22, the City will have received a full year of revenue. Year 1 projects an increase in sales tax in proportion to the Bradley Burns 1% sales tax reflected in the budget.

### *American Rescue Plan Act (ARPA)*

With the passage of ARPA on March 11, 2021, the Federal government allocated \$350 billion in emergency funding to state, local, territorial and Tribal governments to respond to COVID-19 and its negative economic impacts. The City's estimated allotment is approximately \$2.7 million. These funds have been designated for the 33<sup>rd</sup> Street Water Main Replacement Project, included in the Year 1 Water Fund capital budget.

### *Consolidated Appropriations Act (CAA)*

Passed by Congress on March 15, 2022, the CAA provides federal funding to local governments. The City secured \$1.8 million through Senator Alan Lowenthal's office for the Civic Center Parking Lot Improvement Project.

### **General Fund**

The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. Expenditures of this fund include the general operating expenses and capital improvement costs which are not paid through other funds.

The Year 1 Operating Budget is balanced and reflects estimated revenues and transfers-in totaling \$32,556,291, comprised of \$29,583,934 in operating revenues and \$2,972,357 in non-operating revenues, and appropriations and transfers-out totaling \$32,556,291 in operating expenses.

<b>Projected General Fund Balance at June 30, 2023</b>	<b>\$48,748,620</b>

It is estimated that the General Fund unassigned fund balance will complete Year 1 at \$18,884,431 and the Economic Uncertainties Fund balance will be \$4,450,383. The total of the unassigned General Fund balance and the Economic Uncertainties Fund balance is estimated at \$23,334,814. This represents approximately 72% of the General Fund budgeted expenses for Year 1.

Unused appropriations and/or revenues exceeding expenses at the end of every fiscal year revert back to fund balance. This residual fund balance can then be used for one-time expenses (non-operating) or put aside as a reserve for future purposes. It is proposed by staff that Council consider any unused appropriations for one-time uses or reserves when the final year-end audited financial results are completed for FY 2021-22, anticipated to be presented to the Council in December 2022.

## Revenues

The Year 1 Operating Budget as presented is structurally balanced. As noted earlier, Year 1 General Fund revenues as categorized below are estimated at \$30,563,914, excluding transfers from reserves. In projecting General Fund revenues, the following assumptions were utilized:

- Property taxes will remain stable and increase modestly overtime.
- The Bradley Burns 1% Local Sales and Use tax will increase but at a decelerated growth rate as compared to the past two years.
- Measure SHR will increase proportionately with the Bradley Burns sales tax.
- Oil production taxes will remain steady but are dependent on fuel prices and supply and demand.
- Other taxes include TOT, franchise and transfer taxes, and will remain steady.
- Licenses and Permits and Charges for Services will increase based on anticipated project activity levels.

## Expenditures

The Year 1 Operating Budget allows for a return of full municipal services while also including funding to address deferred maintenance, operational and infrastructure needs. Year 1 also includes increasing obligated costs related to contract costs, insurance, pension obligations, and unfunded mandates. Based on anticipated revenues, adopted Year 1 expenditures of \$32,261,291 were budgeted \$3,332,711 higher than the prior year's expenditures of \$28,928,580. This increase includes a one-time expenditure of approximately \$2 million for a major upgrade to the public safety radio system. The Capital Improvement Program includes funding for \$8.3 million in projects, detailed in the CIP Schedule.

The Year 1 Operating Budget includes the following reserve transfers:

- \$1,706,893 transfer from the Police Radio Reserve and the Equipment and Furniture Reserve for a major upgrade to the public safety radio system.
- \$146,000 transfer from the General Plan Reserve Fund to support planned activities within the Community Development department.
- \$50,000 transfer from the Library Reserve for the purchase of Library outdoor public art.
- \$15,000 transfer from the Library Reserve for the Library building costs.
- \$300,000 transfer from the Economic Development Reserve to be used for environmental studies to support future economic development.
- \$953,990 transfer from the CIP Reserve for capital improvement projects.

At the completion of the annual FY 2021-22 financial audit, recommendations for any available funds will be made for increases to reserve funds or one-time expenditures.

### **Capital Improvement Program (CIP)**

The CIP Fund is used to account for financial resources segregated for the development, construction and improvement of City facilities, streets and roads, parks, and water infrastructure. The Year 1 CIP includes new and existing projects, or project phases, representing an investment of \$8.3 million. The City's CIP plan maximizes the use of one-time and special revenue funds for each project, as detailed in the CIP Schedule.

## Water Fund

The Water Fund is an enterprise fund and is used to account for operations that are financed and operated in a manner similar to a private business enterprise. The intent of the City Council is that the costs (expenses, including depreciation) of providing water utility services to the public be financed or recovered primarily through user charges.

In FY 2018-19, the City initiated an updated rate study to assess current rates and costs of the water system and infrastructure. Based on increasing water costs charged by the Metropolitan Water District and the Water Replenishment District, as well as the impacts of increasing expenses and reduced revenues due to conservation, the Water Fund's net position was forecasted to have a negative trend. After completing the water rate study and a subsequent Proposition 218 Hearing, the City implemented new water rates in 2020. The sale of water for Year 1 is estimated at \$6,545,254. The Water Fund Budget Summary is as follows.

**Table 5. Water Fund**

## Other Funds – Special Revenue

Special Revenue Funds are used to account for the revenues derived from specific revenue sources, which are legally restricted and usually required by law or administrative regulation to be accounted for in separate funds. Special Revenue Funds are distinguished from enterprise funds in that the services delivered are financed by a Special Revenue Fund (such as streets) and the user does not pay for the service based

on actual use. Special revenues are estimated and included in the annual budget and the City makes every effort to maximize the use of these funds as allowed. These funds are accounted for in Year 1 as a transfer-in to the recipient fund, as detailed in the Transfer and Special Revenue sections and the CIP Schedule.

### **Internal Service Fund – Vehicle Replacement**

The cash position of the Vehicle Replacement Fund is estimated to be \$1,520,641 at the end of Year 1. Included in the Year 1 Operating Budget is a CIP program to replace an existing fuel canopy at the City Yard. In addition, the following fleet purchases are part of the adopted Year 1 Operating Budget based on the City's Vehicle Replacement Policy.

**Table 6. Vehicle Replacement Fund**

## **CITY OF SIGNAL HILL FINANCIAL PRACTICES**

For the past several years, the City Council and staff have followed prudent fiscal practices that have enabled the City to achieve and maintain a positive, long-term stable financial condition. These practices, which have guided the City's budgeting and financial planning, are stated as financial policies.

1. The Director of Finance shall annually prepare a General Fund Analysis of Structural Balance to determine that a structural deficit does not exist.
2. The City Manager shall submit a structurally balanced General Fund budget to the City Council. A structurally balanced budget requires that recurring revenues equal or exceed recurring expenditures.
3. The City shall maintain a combined General Fund reserve and Economic Uncertainties reserve equivalent to a minimum of six months operating expenses.
4. The General Fund and Economic Uncertainties reserves shall only be used for cash flow purposes, loans to other funds, major citywide emergencies (e.g., earthquakes, floods, or fire), severe economic downturns, or loss of a major sales tax provider.
5. When fiscally prudent, Special Reserve Funds should be established for identified, future major expenditures such as GASB 45, PERS, Library, and Police Building. These Reserves should be clearly identified in the Annual Budget.
6. Non-recurring resources will be used for non-recurring expenditures such as contributions to reserves, debt retirement, and/or capital projects.
7. The Annual Budget shall include a General Fund Five-Year Forecast of Revenues, Expenditures, and Fund Balances to help identify possible future financial problems.
8. The Annual Budget shall include assumptions covering such factors as projected CPI, interest rates, PERS Safety and Miscellaneous rates, new building activity etc. underlying budget estimates.

FISCAL YEAR 2022-23**
